Objective

Passionate MCA student with hands-on experience in web development, UI/UX design, and CMS tools like WordPress. Gained practical exposure through internship projects like Kisan Sat and WebSpark. Seeking a dynamic role to apply my frontend and backend skills to real-world projects, contribute to user-focused solutions, and grow as a full-stack developer.

Technical Skills

Frontend: HTML, CSS, JavaScript, Tailwind CSS

Backend: PHP, Laravel

Database: MySQL

Programming: C, Java, Python

CMS: WordPress

Design Tools: Canva, Figma

Other Tools: Visual Studio Code, SharePoint

Work Experience

Web Developer Intern – Yasham Software Services Pvt. Ltd.

Raipur (Remote/On-site) | Feb 2025 – May 2025

- Contributed to the Kisan Sat project, involving mobile app design (Flutter), admin dashboard development (Laravel), and website design.
- Designed and built the landing page for kisansat.com using Tailwind CSS and Laravel blade templates.
- Worked on WordPress Website.
- Used Canva and Figma for designing UI layouts for mobile and web.
- Worked with SharePoint to manage internal project and service data.

Projects

1. Hotel Management System in VB.NET

- Desktop application to manage hotel operations like room booking, check-in/out, billing.
- Reduced manual work and improved efficiency for hotels.

2. WebSpark- WordPress Website

- Built and customized a fully responsive business website using WordPress themes and plugins.
- Configured contact forms, SEO settings, and visual branding.

3. Kids Competition Website -WordPress Website

- Designed and developed a website for kids' competitions with event listings, registrations, and gallery features.
- Ensured user-friendly navigation and engaging UI/UX.

4. Kisan Sat – Smart Farming Platform

- Designed mobile app screens and admin dashboard screens using Canva.
- Contributed to frontend design of the landing page and promotional videos.

5. Odette – Inclusive Book Platform for Black Readers

- Designed community-centered UI/UX in Figma, inspired by platforms like Inkitt.
- Developed frontend using HTML, CSS, JavaScript, with responsive design.
